***Retail Consulting Leader RPE
Marks 10 Year Company Anniversary***

Tampa, Fla. (April 22, 2009) – Retail Process Engineering (RPE) is proud to announce the company has achieved a significant milestone by celebrating its 10th anniversary. RPE is a leading retail consulting firm mobilizing the right people, processes and technologies to optimize business performance. RPE provides implementation, integration, modification, business process re-engineering, system upgrades and systems management services.

RPE was established in 1999 offering strategic, functional and technical consulting services exclusively focused on the retail industry. Additional practices were added over time to address changing technologies and new business challenges.

“Our focus on technology skills, retail knowledge, systems and applications expertise and collaborative approach has not wavered allowing us to deliver retail solutions on time and on budget,” said Cliff Epstein, president. “Our integrity is valued by our clients and has been instrumental to our success.”

RPE has recruited and attracted results-driven IT and consulting associates with retail experience. This allows for a complete understanding of the business process to make
